

The MHICM program provides intensive community-based case management, including, but not limited to:

- Weekly home visits by Social Workers, RN's and Recreational Therapists
- Therapy and emotional support
- Medication management and monitoring
- Assistance with payee, court or other legal matters
- Community Placements
- Client Advocacy within the VA system
- Assistance obtaining Social service, including Social security benefits, housing and disabled bus passes
- Assessment and support through frequent telephone calls
- Caregiver support opportunities for socialism
- Assistance with shopping and accessing community resources
- Crisis intervention
